## WILD AT HEART IN SOUTH AFRICA

Join host **Taylor Franckewitz** for an unforgettable journey into the heart of South Africa, where adventure meets impact. Wild at Heart is a thoughtfully curated travel experience designed for explorers who crave meaningful exploration. From the vibrant cultural tapestry of Johannesburg to the raw beauty of the bushveld, this 11-day itinerary invites you to engage deeply with wildlife, conservation, and the stories that shape this extraordinary region.

The highlight of the journey unfolds over three immersive days in the Kruger National Park area—one of Africa's most iconic wildlife sanctuaries. Here, travelers will embark on guided game drives, tracking elephants, lions, rhinos, and other majestic species in their natural habitat. Between safaris, participants will engage in conservation-focused sessions led by local experts, gaining insight into anti-poaching efforts, habitat restoration, and the delicate balance between tourism and preservation. Bush walks offer a more intimate encounter with the land, where every footprint and birdsong tells a story of resilience and interconnection.

Evenings in Kruger are equally rich—whether gathering around the fire for storytelling, learning traditional cultural rhythms, or reflecting on the day's discoveries under a canopy of stars. With Taylor's passion for adventure and ecological stewardship, each moment is designed to inspire curiosity, connection, and a renewed sense of purpose. This is not just a trip—it's a call to engage with the wild, protect what matters, and return home transformed.

here, we will be utilizing **Open Safari Game Viewers** and participate in game drives, plant and animal identification, wildlife behavior, bush orienteering, navigation, wildlife tracking through print and dung identification, plus a research project.

Greater Kruger Balule Pridelands is located in the Limpopo Province of South Africa, north of Hoedspruit. The summer weather averages a maximum temperature of 35°C between October and March, while in winter, the minimum temperature averages 6°C between April and September.

## Maropeng Exhibition Center at The Cradle of Humankind, UNESCO World Heritage Site

Declared a World Heritage Site in 1999 because of the area's exceptional contribution to our understanding of humankind's history and development, over more than 3-million years. Altogether, there are 15 major fossil sites in the Cradle of Humankind, of which the Sterkfontein Caves (below) is the most famous.

### Sterkfontein Caving Experience

On a guided tour of Sterkfontein Caves, you'll step into the depths of human history. This is one of the world's richest fossil sites, offering a thrilling glimpse into the origins of humankind. As you navigate ancient chambers and winding passages, you'll learn about the famous discoveries of early hominid fossils like "Mrs. Ples" and "Little Foot," and gain insight into the science of Paleoanthropology. The experience invites critical thinking about evolution, archaeological methods, and the shared story of humanity—transforming dusty textbooks into a living, breathing adventure beneath the Earth's surface.

### The Ann van Dyk Cheetah Centre

Nestled in the foothills of the Magaliesberg, this organization has played a pivotal role in rescuing the cheetah from the brink of extinction in South Africa. Founded in 1971, this non-profit sanctuary has successfully bred over 1,000 cheetahs—including the rare King Cheetah—through a meticulous program that ensures genetic diversity and prepares select individuals for release into protected habitats. The organization's impact goes beyond breeding: it has pioneered relocation efforts for wild cheetahs deemed "problem animals," contributed to over 80 scientific publications, and educated more than 100,000 learners through outreach programs. Witness the speed and grace of these magnificent cats, while learning how conservation, research, and public engagement come together to safeguard their future.

### Community Service & Mission Project

Partnering with the [Timbavati Foundation](#), we'll get to know the local residents and lend our hands with assistance. Projects range from healthcare initiatives, education, environmental and social care. Specific projects will be determined prior to travel. Plan to get involved and help make a difference!

## Shangaan Cultural Immersion Presentation

Designed and built by local tribes, guests will be introduced to an example of South Africa's great cultural diversity. Through music, drumming, dance and storytelling, our hosts include singers, actors and dancers gathered to tell the story of the tribes of Africa. A traditional tribal lunch is served onsite.

## Night Sky in the Southern Hemisphere Master Class

Once darkness sets in and the sky fills with millions of stars, you'll learn about Astronomy with a passionate expert. During our time, we'll find, study and learn about the constellations, locate the Southern Cross and determine how it helps us to find true South, learn about the Milky Way, plus identify Orion's Belt, Scorpio and many other southern constellations among other topics!

## The Panoramic Route: Three Rondavels, Bourke's Luck Potholes & God's Window

Visiting [Three Rondavels](#), [Bourke's Luck Potholes](#), and [God's Window](#) offers a breathtaking journey through South Africa's geological and scenic masterpieces. The Three Rondavels rise like ancient sentinels above the Blyde River Canyon, their rounded peaks resembling traditional African huts and offering panoramic views of one of the world's largest green canyons. At Bourke's Luck Potholes, guests witness nature's artistry—cylindrical rock formations carved over millennia by swirling waters at the confluence of the Blyde and Treur Rivers, a vivid lesson in erosion and time. And at God's Window, the landscape opens up to reveal sweeping vistas across the Lowveld, with cliffs plunging over 700 meters and, on clear days, views stretching all the way to Mozambique. Together, these sites inspire awe, spark curiosity, and connect travelers to the deep natural and cultural heritage of South Africa's Panorama Route.

## Apartheid Museum

A visit to the Apartheid Museum is a powerful and immersive journey through South Africa's struggle for freedom and equality. Through 22 thought-provoking exhibits—including original artifacts, film footage, photographs, and interactive displays—the museum traces the rise and fall of apartheid, the brutal system of racial segregation that shaped the nation from 1948 to 1994. Visitors enter through racially designated doors, immediately confronting the realities of institutionalized discrimination, and continue through exhibits that explore resistance movements, the role of leaders like Nelson Mandela, and the country's path to reconciliation.

## Gold Reef City Theme Park & Mine Tour

Set against the backdrop of Johannesburg's gold rush era, the GRC Theme Park is a vibrant fusion of history and high-octane fun. Descending into the depths of Johannesburg's golden past, the Mine Tour offers an experience that brings South Africa's mining heritage vividly to life. Visitors travel 75 meters underground into a historic 19th-century gold mine shaft, once among the richest producers of gold in the world. Guided by experts, guests explore candlelit tunnels, witness the deafening roar of mining drills, and learn about the harsh conditions miners endured—including the use of Fanagalo, a simplified language developed for communication across cultures. Back on the surface, the tour includes live demonstrations of molten gold being poured into gleaming bars and more. A dynamic blend of history and culture that reveals how gold shaped the city—and the country.

# YOUR HOST

**WILD AT HEART**

with Taylor Franckewitz

July 23<sup>rd</sup> - August 2<sup>nd</sup>, 2026

TAYLOR  
FRANCKEWITZ

Taylor is an experiential travel specialist with a lifelong passion for wildlife, culture, and conservation. With a background in eco-tourism and a gift for immersive storytelling, he partners with local experts to create hands-on adventures that inspire connection and curiosity. As host of Wild at Heart, Taylor brings warmth, insight, and purpose to every moment - from ranger-led fieldwork to starlit campfire conversations.

**HAMMOCK EXPEDITIONS**

An adventurer from the start, Taylor grew up exploring far-off lands and immersing himself in the stories of the natural world. His lifelong love of travel, culture, and exploration sets the tone for this journey - one infused with curiosity, connection, and purpose. With a background in experiential travel and a deep respect for wildlife, Taylor brings a unique blend of enthusiasm and insight to every moment. Whether navigating the bushveld or sharing tales around the campfire, his presence invites travelers to see conservation not just as a cause, but as a calling.

Taylor's approach to eco-tourism is rooted in authentic engagement and hands-on learning. From community service projects to ranger-led field research, he curates experiences that foster both wonder and understanding. His passion for South Africa's biodiversity and cultural heritage shines through in every detail - from the tribal dance and drumming to the astronomy master class under southern skies. With Taylor as host, this isn't just a trip, it's a transformative adventure that celebrates stewardship, discovery, and the wild beauty of creation.

#### THE SMALL PRINT:

- As with all sample itineraries, please be advised that this is an 'example' of a schedule and that the activities and hotels shown may be variable dependent upon dates, weather, special requests and other factors. Itineraries will be confirmed prior to travel.
- Please note that once paid, the trip is nonrefundable, so we strongly suggest that everyone has trip protection in place immediately after paying your initial deposit. For those needing to purchase trip insurance, a link is available (above) for independent purchase, or you may elect to use your own plan. Please understand that trip protection is mandatory and everyone will be required to submit proof of insurance prior to travel.
- Your trip is not confirmed until you have paid your deposit in full.
- Please read all details concerning booking conditions. This is reviewed during registration (acceptance required for booking), or you may review it directly from our website.
- Each person should be ready to issue a personal credit card to hotels at check-in for incidental deposits & bills. In most cases, a small amount will be pre-authorized and then released upon your departure.
- Please ensure that you are aware of passport requirements. Currently U.S. citizens traveling to South Africa must have a valid passport with at least two blank pages and proof of a return or onward ticket. Your passport must be valid for at least 30 days beyond your intended stay in South Africa. A Yellow Fever vaccination is required if arriving from a country with a Yellow Fever risk. It is crucial to check the latest requirements with your country's Embassy before you depart, as rules can change.
  - The USA government suggests allowing a minimum of 3 months for passport processing time so if you need to obtain a passport, please apply early or request expedited processing.
- Unfortunately, there are no refunds available if you do not have a passport when required. **Passport details are required 3-months prior to travel.**
- Please understand that a waiver (Release of Liability) is required for each person traveling. Waivers are part of your online registration process. No one may complete their registration without agreeing to the required Release of Liability.
- Payments may be made via ACH (online bank check) at no charge from select countries (USD, EUR, GBP, CAD, AUD, NZD, CHF, DKK, NOK, SEK, PLN, HKD, and MXN). Guests may also make payment via credit card however a 4% processing fee is charged by the processing agency. If you have any questions concerning payments, please do not hesitate to reach out to us.

Please do not hesitate to contact us at our offices at 984.223.9866 for help and information. We pride ourselves on providing great service and unbeatable education in your continued learning journey. We look forward to serving you!
